Immediate need for host families

Spring Lake Park High School is extremely fortunate to have five foreign exchange students attending classes and participating in activities in both the school and the community for the 2006-07 school year.

But now, two of these young adults — a young man from Germany and another from the Czech Republic — have suddenly found themselves in the midst of a dilemma: they are profoundly allergic to their host family's three cats.

The boys have been moved to a temporary residence, but we need to find a new host family for each of them in the next two weeks, or their sponsoring organization (S.H.A.R.E.) will have no choice but to send them elsewhere in the state.

These kids love it here, and are hoping to remain in the Spring Lake Park (Blaine, Spring Lake Park,, Fridley) community and continue at this high school.

If you may be in a position to help (by taking in one of these boys as a member of your family for the rest of the school year), please contact Sandra Fleck:
